Dear Prospective Client:

This letter is to express my thanks for the interest that you are showing in the Restonic Electric Adjustable Beds. Enclosed are some brochures and a price list for your inspection. Please look them over and you can call us at your convenience.

Notice that we have enclosed a separate brochure on our high-end spring or foam mattress. Don't forget, it's the mattress of any bed, (flat or adjustable), that determines your comfort and health. Restonic makes the very best mattress on the market and Restonic is the only mattress built with a 15 year non-prorated warranty that has also won the Consumers Digest "Best Buy Award" seven times; nothing else even comes close! We also carry Space Foam™ Adjustable Mattresses. These are the highest quality mattresses made anywhere. If you are a larger size person or just love quality and firmness with a soft touch these are for you.
